“ *Dearest Betty, my twin and first wombmate. I reflect daily on our many adventures. I realize now that you were the fun! Nothing or no one can replace you in this world and I will never be whole again. You were pure and holy and joy personified. In multitudes of pictures spanning Fifty years I only found two pictures where you were not smiling.*

You loved everyone and everyone truly loved you. Most of all you loved God, that is Jesus

Christ, King of Kings and Lord of Lords. You saw him in all aspects of nature, in people especially children, the disabled and the elderly. Your acts of service in this world cannot be delineated in this post, but you changed the world for the better on every level that counts in heaven.

You are beauty, intelligence, light, humor laughter, love spirit and strength. I will never be half the woman that you are, but I carry in my heart the image of who I would like to be.

You are loved so very much. I'll see you soon in everlasting glory in the house of God.

“ Betty was a devoted Catholic and a an inspirational member of the Secular Franciscan Order. She was dedicated to protecting the lives of the most vulnerable and poorest among us: the unborn and newly born children which are so at risk today. Her enthusiasm for goodness, the great value she placed on the lessons and lives of the saints and her great love of God made a profound impression on me and I shall never forget her. “ While it has been many many years since our high school days, I have such fond memories of my friendship with Betty and her sister Helen. I was very sad to read of Betty's passing. “ *To Betty's family:*

Our condolences on your loss. Betty was a member of Syracuse Right To Life Association. No one was more pro-life than she. She had a vibrant spirit and her Catholic Faith was very deep. She followed God's plan for her which included defending the most defenseless child in the womb.

Betty, you surely were the good & faithful servant. Now you are HOME, the HOME for which God created you.

*Love,
Board of Directors & Members of
Syracuse Right To Life*
