“ *Cheryl was one of my favorite patients. I always looked forward to seeing her. She was incredibly knowledgeable of her medical conditions and diseases. This knowledge created a medical care partnership between us allowing for the best practice of medicine. We also shared memories about fireman's pushball competition we both enjoyed in the 1960's through the 1980's. She will surely be missed in the North Syracuse community.*

“ *Cheryl is probably the person I've known longest in my life besides my direct family members. She and my brothers Johnny and Billy grew up together, with the Armstrong's, Slobodian's, Dolson's and the Karlik's. We shared a broken down metal wire fence for a while, and then no fence at all for many years, between our back yards. Cheryl and her sister attended my first birthday parties, and she and John had a joint graduation party! I'm sure she babysat for me when I was little - but before long, I was helping watch her three older boys, and then Tina and Jeff. She was always generous with my Dad, and that was appreciated! So sorry your family has lost her!*

“ *A life time of memories, starting back when we were little girls. Friday nights making brownies and popcorn watching rawhide and twilight zone. Playing Barbie dolls, and drinking tea under the big maple tree in the front yard. Spending time with Sarah and Libby. Remembering when Cheryl meant Ron. And the birth of all the kids.. so many...❤️❤️My heart hurts for all of you. Love you stay strong*
