“ To Dennis family,
I grew up in North Syracuse and my mother was a fixture at the local diner under 3 different owners where she was a waitress that's how I came to meet , know and very much liked Dennis. Great guy with an even greater laugh! Dennis was 10 years older so he kept an eye on my brother & I and always said he would let Mom know if we were not behaving, Lol he was always in that cab watching everything in the village. When I became of legal age I shared a few pints of beer with Dennis at the old Irish Hotel. Had a lot of laughs together. What a good guy, my condolences on his passing .
