MR

“ I will never forget Harry Paston. He was my first business travel customer when I started at Janina travel bureau in Syracuse New York in 1979. I took care of all his trips until he moved to Arizona.

He taught me so much about what is important to business travelers and I used that knowledge for the rest of my 40 year career.

What I remember the most is his kindness and generosity. When I went onto my first trip to Las Vegas he bought me a ticket to see Sigfried and Roy which was an unbelievable experience.

When I took my mother on an escorted tour to Arizona and the canyonlands he mailed me all sorts of books explaining the geography of Arizona and the Grand Canyon which enriched my trip tremendously.

He gave me my very first home phone with a built-in answering machine that was the best gift I received that year.

He was always willing to teach, to share, and to help a 22 year old become more proficient in what turned out to be a lifetime career in the travel industry. I am retired now but I will always cherish my memories of him.

Thank you Harry Paston! I know you will Rest In Peace.

Thank you for your beautiful tribute. I'm sure my Dad would have appreciated your thoughts, as I'm sure he would have been glad to know how much he was able to help you.
