“ My name is Lynne Ganem Hall and Julie and I were first cousins. She's been on my mind lately and I just learned of her death 3 days ago. When we last spoke, she was getting started with dialysis. She and I were very close as teens and young singles. I always loved her laugh and her boldness. We had lots of fun every Tuesday night when our dads were at their bowling league. My father would drop me off at her house and pick up Uncle Ernie. I never knew what she had up her sleeve!
Over the years we stayed in touch. She so enjoyed traveling! May her final be sweet. Good bye Cuz. You will be missed. Lynne
