“ Keitha and I have created many memories together over the years with family and friends. In the last 5 years after she lost her husband and then her daughter I have spent a lot of time with her. She definitely had a broken heart but I still admired her strength and how she pushed onward. She made me laugh, cry and love her more. She will forever be in my heart and my memories!

“ I had the pleasure of working with Keitha for a number of years. I will rely on the memory of the wonderful, laugh filled days we had to get me through this very sad time. I loved this woman because there were very few like her. Her zest and love of life were second to none. I will miss her.
