“ I know Jay passed this to Matt last week but I'm posting it so you all know how much I loved your mom and how much I will miss her.

To Bob, Suzie, Scotty, Amy, Wendy & Matt.

I am so so sorry to hear your mom has passed this morning. My mind is reeling back 48 years when we first met. So many memories. Even after she moved away we kept in touch, visited and were amazed at how our lives took such similar paths. When we spoke in Feb. she sounded so positive and motivated I just was sure she would come back strong like she always did. We discovered that we would have been volunteer partners at Francis House again this year but God had other plans for Francis House and your mom. There was never any doubt that her kids were her first priority. She loved you all so much and was so proud all her grandchildren. I'm so happy she met and married Bob. Such a giving and nice man. I will never understand why there is so much suffering some people must go through but this verse from Roman's may explain it best "I consider that the sufferings of this present time are as nothing compared with the glory to be revealed for us." And I know your mom is now pain free and beautiful and experiencing God's glory today. May God's peace be with you all.

“ *Such a great person. Enthusiastic, caring, loving. Attended Mary's classes these past 11 years with Nancy. She never wanted to quit working out in class, even when short of breath. Always had a smile and she will be sorely missed.*

“ Nancy was my best friend since childhood. We had lots of fun taking long walks and finding treasures like costume jewelry that we thought were valuable gems. We even had one "piece" evaluated by a jeweler! We also biked to Salt Pool on Onondaga Lake. Our route took us from Mattydale, took Thruway {during it's construction] and Buckley Rd. This pool was our swimming pool at this time. During the winter, the icy roads were our local sledding area. Our generation had a lot of fun using our imagination for activities . I miss her so much. We've known each other for 75 years. Janet Steven Singer

“ *Bob, Please accept my condolences for the loss of your dear wife. And Sue, Amy, Don and Matt, I always loved your mothers caring and selfless nature, her deep love and pride for her family. We honor her in our memories.*

I've filled the ocean with tears I've cried, The earth covered with my failed tries. The countless times, I found truth to be a lie. The times things fell apart and I questioned why. But none of this will ever compare to the pain I felt when I said goodbye. ~ Terry Pizzi
